DECISION REPEATS

for President.

Quotes His Statement of 1904 and Says He Has Not Changed His Decision.

Washington, Dec. 12. - President Roosevelt will not be a candidate for a third term. All doubt on this point was last night dispelled by the authorative statement, from the White House, that Mr. Roosevelt still adheres to the declaration of renunciation made on the night of the election three years

It appears that the president had been awaiting the call for the Republican national convention to afford the proper opportunity for making his position clear and unmistakable, thus leaving the field clear for other declared or receptive candidates for the Republican nomination. The president's statement follows:

"In view of the calling of the Republican convention, the president makes the following statement:

" 'On the night after election! I made the following announcement:

"I am deeply sensible of the honor done me by the American people in thus expressing their confidence in what I have done and have tried to do.

I appreciate to the full the solemn responsibility this confidence imposes upon me, and I shall do all that lies in my power not to forfeit it. On the 4th of March next, I shall have served three and a half years and this three and a half years constitutes my first substance and not the form, and under no circumstances will I be a candidate for or accept another nomination."

"I have not changed and shall not change the decision thus announced."

Harriman Negotiating for Immunity From Prosecution.

Chicago, Dec. 12 .- A dispatch to the Tribune from Washington, says:

Negotiations are under way between the attorney general and E. H. Harriman looking to an agreement by which the Union Pacific will abandon all its direct control of the Southern Pacific, in return for which the government will agree not to prosecute Mr. Harri-man for violation of the anti-trust law and of the competitive clauses in the interstate commerce law. The negotiations have not actually been concluded, but they have reached a stage where it is believed an agreement will beentered into.

At the conclusion of Hawley's statement Durrow announced that the defense would reserve its statement until the conclusion of the state's case.

formally assumed his position as leader of the greatest naval movement in the

history of the American people.

Yesterday was assembly day for the fleet, which is to set sail next Monday, and of the 16 great fighting machines ordered to skirt the southern end of all America and inaugurate a new naval era in the Pacific ocean, there were but two laggards. These were the 16-0000-ton Minnesota, flagship of Rear Admir-al C. M. Thomas, commander of the second squadron of the fleet, and the Kentucky, whose paltry 11,150 tons relegated her to a position at the end of the armored column. The Kentucky also is the oldest vessel among the 16, having been laid down with her sister, the Kearsarge, in 1898, at the beginning of the war with Spain. Nine years ago is an ancient period in modern battleship construction, so great have been the strides in American naval architecture.

The collier Abarenda has preceded the fleet south with coal. There were scenes of activity on board the vessels yesterday. The crews of many of the battleships were engaged in filling the bunkers with "picked" coal, while others were agaged in loading supplemental magazine stores.

Monongah, W. Va., Dec. 10 .- When darkness came last night a total of 66 bodies had been brought from the two wrecked mines at Monongah. Rescue work, while slow, was progressing smoothly and as rapidly as due precau-
